## HOMESITE COLOR SCHEMES

When our vendors change or items change or are unavailable (such as stone, roof tiles or paint colors) a replacement that is comparable or equal value may be used.

Please keep in mind, the attached color schemes were a guideline used by the builder. It is possible that not all homes were painted exactly to spec. Some variation may have been used to enhance community experience. To ensure correct color matching, obtain a color chip from the paint provider for comparison. Lennar is not responsible for incorrect color purchase.

If you have received the color book it is a copy, and the colors are not "TRUE" matches. Please refer to the color number for exact matches.
